

# Rémi Leluc, PhD

Address: 96, rue de Miromesnil, 75008 Paris, France

☎ +33 (0)6-34-03-42-84    ✉ remi.leluc@gmail.com    Others: Website, Scholar, , 

## Research Experience

---

**École Polytechnique (CMAP)** (Institut Polytechnique de Paris, France) *Apr. 2023 - present*  
*Postdoctoral Researcher* with [Aymeric Dieuleveut](#), working on Federated Learning. Publications in international peer reviewed conferences, Mentoring of PhD students.

**Télécom Paris** (Institut Polytechnique de Paris, France) *Oct. 2019 - Mar. 2023*  
Working towards a PhD in applied mathematics and machine learning under the supervision of [François Portier](#) and [Pascal Bianchi](#). Publications in international peer reviewed conferences and journals (NeurIPS, ICML, JMLR, TMLR). Teaching assistant for graduate level students.

**TotalEnergies OneTech** (Palaiseau, France) *Oct. 2021 - Apr. 2022*  
*Artificial Intelligence Researcher* within the DataAI team of Sébastien Gourvénec.  
Study and design Reinforcement Learning for industry: *European Patent Application* (EP 4250200A1).

**Télécom Paris** (Institut Polytechnique de Paris, France) *Apr. 2019 - Sep. 2019*  
*Research intern* in the department IDS/S2A under the direction of [François Portier](#).  
Conducted research on Monte Carlo methods and variance reduction in high dimension.

**Ugam Solutions** (Bengaluru, India) *Jul. 2018 - Sep. 2018*  
*Data analyst intern*: Study and deployment of a deep learning model for multiple object detection.

## Education

---

**Télécom Paris** (Institut Polytechnique de Paris, France) *Oct. 2019 - Mar. 2023*  
*PhD in Applied Mathematics and Computer Science*, supervised by [François Portier](#) and [Pascal Bianchi](#)  
"Monte Carlo methods and Stochastic Approximation: Theory and Applications to Machine Learning"  
Keywords: Monte Carlo, Stochastic Approximation, Variance Reduction, Adaptive Sampling. [\[PDF\]](#)

**École Normale Supérieure Paris-Saclay** (Cachan, France) *2018 - 2019*  
*MSc in Machine Learning and Computer Vision (MVA)* *Highest honours*  
*Highly selective Master of Science program in mathematics, vision and machine learning.*  
Studied different aspects of machine learning: optimization, stochastic methods, reinforcement learning, kernel methods, geometric approaches in statistical learning, deep learning.

**Télécom Paris** (Institut Polytechnique de Paris, France) *2016 - 2019*  
*MSc in Applied Mathematics and Computer Science* *GPA 4.0*  
*One of France's most prestigious competitive engineering schools (#1 in computer science).*

**Lycée Condorcet** (Paris, France) *2013 - 2016*  
*CPGE MPSI-MP\**: Intensive courses in mathematics, physics and computer science to prepare for competitive entrance exams to top engineering and science schools.

## Technical and Soft Skills

---

<b>Technical</b>	Statistics, Probabilities, Optimization, Machine Learning
<b>Computer</b>	Python (NumPy, PyTorch, TensorFlow), $\text{\LaTeX}$ , Git, Pack Office
<b>Languages</b>	French (native), English (fluent), Spanish (elementary), arabic (notion)
<b>Soft Skills</b>	Adaptability, Reliability, Curiosity, Positivity

## Other/Interests

---

<b>Music</b>	Piano (+15years) and musical training at the conservatory
<b>Leisure</b>	Workout, Chess, Travels (US, Europe, Asia), Humanitarian trip in Cambodia

## Publications

---

*Control Variate Selection for Monte Carlo Integration.* R. Leluc, F. Portier, J. Segers.  
**Statistics and Computing 31, 2021**

*Feature Clustering for Support Identification in Extreme Regions.* H. Jalalzai, R. Leluc.  
**International Conference on Machine Learning (ICML), 2021**

*SGD with Coordinate Sampling: Theory and Practice.* R. Leluc, F. Portier.  
**Journal of Machine Learning Research 23 (JMLR), 2022**

*A Quadrature Rule combining Control Variate and Adaptive Importance Sampling.*  
R. Leluc, F. Portier, J. Segers, A. Zhuman  
**Advances in Neural Information Processing Systems (NeurIPS), 2022**

*MARLIM: Multi-Agent Reinforcement Learning for Inventory Management.*  
R. Leluc, E. Kadoche, A. Bertinello, S. Gourvénec  
**NeurIPS Workshop on Reinforcement Learning for Real Life, 2022**

*Membership Inference Attacks via Adversarial Examples.* H. Jalalzai, E. Kadoche, R. Leluc, V. Plassier  
**NeurIPS Workshop on Trustworthy and Socially Responsible Machine Learning, 2022**

*Asymptotic Analysis of Conditioned Stochastic Gradient Descent.* R. Leluc, F. Portier.  
**Transactions on Machine Learning Research (TMLR), 2023**

*Compression with Exact Error Distribution for Federated Learning.*  
M. Hegazy, R. Leluc, C.T. Li, A. Dieuleveut.  
**International Conference on Artificial Intelligence and Statistics (AISTATS), 2024**

*Speeding up Monte Carlo Integration: Control Neighbors for Optimal Convergence.*  
R. Leluc, F. Portier, J. Segers, A. Zhuman. **Under review**

*Sliced-Wasserstein Estimation with Spherical Harmonics as Control Variates.*  
R. Leluc, A. Dieuleveut, F. Portier, J. Segers, A. Zhuman. **Under review**

*A Method for Inventory Management.* R. Leluc, S. Gourvénec.  
**European Patent Application EP 4250200A1.**

## Talks and Events

---

Conference "From Matchings to Markets" (CIRM Marseille)	Dec. 2023
Seminar SIMPAS (École Polytechnique)	Mar. 2023
Seminar S2A (Télécom Paris)	Feb. 2023
Poster Session NeurIPS 2022 (New Orleans, Louisiana)	Dec. 2022
Seminar SIERRA (Inria, Paris)	Jul. 2022
Math for Machine Learning Summer School (Ben Guérir, Morocco)	Jul. 2022
Semaine Etudes Mathématiques Entreprise (SEME) (Rennes, France)	May. 2022
Poster Session ICML 2021 (virtual)	Jul. 2021
Extreme Value Analysis (EVA) (virtual)	Jul. 2021
Seminar EDMH (virtual)	Apr. 2021
Bernoulli-IMS One World Symposium (virtual)	Aug. 2020
Machine Learning Summer School (MLSS) (virtual, 15% acceptance rate)	Jul. 2020
Workshop Probabilistic Methods in Computational Statistics (Télécom SudParis)	Nov. 2019

## Teaching Experience

---

Télécom Paris, Teaching assistant	2019 - 2022
• Linear Models (SD-TSIA204): 20h	Martingales and Asymptotic statistics (MACS203): 26h
• Statistics (MDI220/MDI720): 24h	Optimization for Machine Learning (SD-TSIA211): 10h
